

Age Group Report 11/13/18
Southern California Swimming

First, I would like to thank the **D&I crew** for a great job on the camp. The kids from my club really enjoyed themselves and learned a ton.:)

Pools to help support our Sport/LSC/Committee:

We have one new LC pool online now in **Torrance** that will be available to our committee for meets (albeit expensive), but really nice with lots of room and parking.

Another pool will be coming online the Spring in **El Segundo**. It is LC and would be available for meet rentals as well. Pacific Committee specifically has been impacted negatively by the limited amount of LC pools available and these two pools should help with that in the coming years.

Within the next two years there will be another at **El Camino College**. It is uncertain at this time how much this will be available to outside user groups

Age Group Coach Of The Year

The Age group committee was given rubric as an idea for which to nominate Age Group Coaches of the Year. It was decided that we would focus on 10/under and 11/12 coaches for this honor. It was also determined that the 13/14 year olds lend closer to Senior D or Senior level swimming vs age group, and thus those accomplishments would not be considered in the category. The lack of response for nominations was a bit disappointing, but the ones that submitted were clearly qualified and well decorated age group coaches and deserved to be nominated. Congratulations to all the age group coaches out there doing a wonderful job in our sport.

Reminder for all coaches to get information out to their Clubs/Coaches regarding All-Stars and Festival. Many times this goes unnoticed and under the radar.

Ken LaMont Head Coach for Pacific Coast All Stars.

Thank You, Monique
