Committee Report

No Actionable Items

I have been answering questions regarding past history or past practice, on and off for various committees over the last year. I continue to help SCS in as many ways possible.

I believe the LSC is set up to preform some amazing new opportunities and is ready for change. We have many great volunteers in positions throughout the Board of Directors that are ready for change and growth in our LSC. There has never been a better time to adjust and adapt as right now.

I want to take this time to stress the importance of voting at the House of Delegates. If you want to see a specific change, do it with your vote. If it's not the change you wanted to see. Do it with your volunteerism. Step up, run for a role, join a commitee. Be active.

Lastly, I would like to thank the HoD and the BoD for allowing me the time to step back as chair and spend more time with my son.
