

## TREASURER - LSC RECEIVABLES POLICY - OCT. 2022

Any club that owes the LSC monies over 60 days will be charged a 10% fee. Your amount dues times 10%. If all fees are not paid within 90 days the offending club will not be allowed to get a sanction for a meet and their athletes will not be allowed to enter a swim meet until their account is paid in full. This would take effect now, this means that if you run a meet in October 2022 and you haven't paid monies due to SCS your club would be assessed a 10% fine in January 2023, 60 days after October 31. If bills are still not paid as of Feb. 2023 you would have your competition rights restricted. Athletes who unattach are still able to compete.
