New year! New material! for USA Swimming’s Regional Build & Program a Pool Conference

Did you know there are steps to follow when you want to Build A Pool? Do you know the right questions to ask; do you know the best aquatic professional to be involved with your projects?

Decision making is the process of making choices by gathering valid-information, and assessing options. Using a step-by-step decision-making process can help you make more deliberate, thoughtful decisions that can save you thousands of dollars on a project and end up with better pools.

This is what the USA Swimming Regional Build & Program a Pool is all about. Providing you with choices so you can make educated decisions. Nothing is worse in a project than having to take steps back to correct something that went wrong

We start in January 2018 and offer 6 Regional BAP conferences. Check out the locations and dates to see what BAP you want to attend. Questions email Sue Nelson snelson@usaswimming.org or Mick Nelson mnelson@usaswimming.org
