

2021 OPEN WATER CALENDAR

(Updated as of August 7, 2021)

Here are the Open Water Meets and Events that I am currently aware of for planning purposes. Note that OW Meet Hosts will need to have a confirmed date and a special event permit for the venue in order to proceed with the sanction process.

This schedule is subject to change due to meet venue, local, state, and federal public health requirements; availability of special event permits; and approvals for meet sanctioning.
