

## Action Plan for Additional Practice Prior to Certification as an Official in Southern California Swimming

Name: \_\_\_\_\_ Club: \_\_\_\_\_

Email: \_\_\_\_\_

From time to time, it may be necessary for an apprentice official to gain additional practice as an apprentice beyond the minimum required apprentice sessions and training prior to certification as an official in a given position. This is to ensure that the official is qualified to independently perform the duties of an official as the 'lead' official at a meet and is intended to be helpful to the apprentice official. This log should be used to determine an action plan for certification that is mutually agreed upon between the trainer/mentor and the apprentice. Some reasons for additional practice as an apprentice official may include:

- In the opinion of the trainer/mentor or the Meet Referee, the apprentice does not meet one of the skills outlined in the apprentice log or the 'professional document' for the position.
- The apprentice official exhibits one or more deficiencies in performance that, in the opinion of the trainer/mentor or Meet Referee, would lead to the apprentice being unable to perform the role independently at an in-season timed final meet.
- The apprentice official requests additional practice prior to certification.

If a written action plan is used, steps requested should be reasonable and specifically address the identified growth opportunities mentioned in this apprentice log.

### Reason for Action Plan

*Please be as specific as possible and list the skill(s) the apprentice official would benefit from additional practice on. If the apprentice has requested additional practice, note that in this log.*

**Action Steps Prior to Certification as an Official**

Please list the specific action steps that the apprentice official shall take prior to certification. Examples could include additional apprentice sessions, rewatching a clinic, demonstrating a specific skill during the next meet, or working as an 'assistant' in the position for a given period of time.

**For Meet Referee and Trainer/Mentor:** This action plan has been discussed with the apprentice, and the apprentice agrees / does not agree (circle one) to follow the action plan.
