SCS Board Meeting
Metro committee chairmans report

The metro committee voted on and approved its 2020 slate of officers. We are still waiting on hearing who our officials rep will be, and we are still in need of an athlete Jr. rep. The 2020 meet schedule has been laid out, with one meet still without a host (May 2-3 LC B/R). The initial host, LaMirada, has opted out of hosting because their pool is not available. The meet will be re-bid on at the January meeting with bidders taken from the floor. We are trying to confirm our January senior qualifier meet as a double or triple committee meet with pacific and possibly coastal.

All business is good within the committee and we had a successful year that included new formats for our committee championship meets with the intent of creating a more competitive atmosphere, while still allowing all levels of swimmers to have a "championship" meet. I also feel the meets offered a much more family friendly environment with better time lines and split sessions.

It has been an honor and a pleasure working with all the officers in the committee and representing metro ok the SCS board in 2019, and I look forward to another great year as metro chairman.

Respectfully submitted,

Jon Moore
